INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Humane Society of South Coastal Georgia, Inc.
Brunswick, Georgia

We have audited the accompanying financial statements of the Humane Society of South Coastal Georgia, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2017 and 2016, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Humane Society of South Coastal Georgia, Inc. as of December 31, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations – The Humane Society of South Coastal Georgia, Inc. (the “Society”) is a not-for-profit independent animal shelter located in Brunswick, Georgia, providing a haven for stray, abandoned and injured animals. The Society’s services include animal adoptions, animal cruelty prevention and a spay and neutering program. The Society is governed by a Board of Directors consisting of fourteen to twenty members and derives its operating funds primarily through donor contributions. The Society was incorporated in the State of Georgia on December 29, 1967.

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America (“GAAP”).

Basis of Presentation – The accounting and financial statement presentation of the Society follows GAAP as issued by the Financial Accounting Standards Board in their *Accounting Standards Codification*. To ensure observance of limitations and restrictions placed on the use of resources available to the Society, GAAP requires that resources be classified into categories established according to their nature and purpose. The Society reports its financial position and activities according to three classes of net assets as follows:

Unrestricted – Net assets are resources that are neither permanently nor temporarily restricted by donor-imposed stipulations. The only limits on unrestricted net assets are those resulting from the nature of the Society and its purposes.

Temporarily restricted – Net assets are resources whose use by the Society is limited by donor-imposed restrictions that either expire by the passage of time or can be removed by actions of the Society.

Permanently restricted – Net assets are resources whose use by the Society is limited by donor-imposed stipulations that neither expire by the passage of time nor can be removed by the actions of the Society.

Contributions – In accordance with GAAP, contributions received as well as unconditional promises to give are recognized in the year the promise is received. Contributions are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

Contributions that are expected to be received in future years are recorded at the present value of their estimated future cash flows. Amortization of the discounts is included in contributions in the accompanying statement of activities. No discount on unconditional promises to give has been recognized for the years ended December 31, 2017 and 2016.

Humane Society of South Coastal Georgia, Inc.

Notes to Financial Statements

December 31, 2017 and 2016

All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a stipulated time restriction ends or purpose restriction is accomplished, restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from donor restrictions. Restricted contributions whose restrictions are met in the same year are reported as unrestricted contributions.

Cash and Cash Equivalents – The Society considers all highly liquid investments that are readily convertible into cash with maturity of three months or less when purchased to be cash equivalents.

On occasion, the Society maintains cash balances on deposit with financial institutions in excess of federally insured limits. Management continually monitors the soundness of these financial institutions and believes the exposure of loss to be minimal.

Pledges Receivable – Contributions are recognized when a donor makes a substantially unconditional promise to give to the Society. Donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets as determined by the nature of the restriction. As restrictions expire, temporarily restricted net assets are reclassified to unrestricted net assets. Promises to give are reviewed for collectability and reserves are established for estimated uncollectible amounts.

The Society uses the allowance method to determine uncollectible unconditional pledges receivable. The allowance is based on prior years' experience and management's analysis of specific promises made.

Beneficial Interest in Remainder Trusts – The Society is a beneficiary of the remainder interest of a charitable remainder trust that is held and administered by an unrelated trustee. Under the terms of the trust, the trustee makes distributions to the income beneficiaries for their lifetime. Upon the death of the income beneficiaries, a portion of the remaining assets in the trust fund will be transferred to the Society. During 2017 the Society received a final distribution payout from the remainder trust and recorded its distribution as a release from temporarily restricted net assets.

Perpetual Trust Held by Others – The Society is the sole beneficiary of the Humane Society of South Coastal Georgia Consolidated Trust (the "Consolidated Trust"), a perpetual irrevocable trust held and administered by independent trustees. Under the terms of the trust, the Society has the right to petition the trust for distributions but the aggregate amount of annual distributions generally cannot exceed 5% of the net fair market value of the assets of the trust as of the first day of each applicable year. The fair value of the beneficial interest in the trust was recognized as an asset and as a permanently restricted contribution at the date the trust was established. The Society's estimate of fair value is based on fair value information received from the trustee. The trust assets are not subject to the control or direction by the Society. Gains and losses, which are

not distributed by the trust, are reflected as a change in value of perpetual trust held by others in the statements of activities.

Below is a summary of the assets of the Humane Society of South Coastal Georgia Consolidated Trust at December 31, 2017 and 2016 as provided to the Society by the trustee:

	2017		2016

Property and Equipment – Property and equipment are stated at cost. Depreciation is calculated using the straight-line method over the estimated useful lives of the individual assets. Donated property and equipment are recorded at the estimated fair market value on the date received. Maintenance and repairs are charged to expense as incurred. Major repairs and improvements are capitalized and depreciated at the applicable straight-line rates. The cost and accumulated depreciation of property retired, sold or disposed of are removed from the related accounts with any gain or loss credited or charged to income. Estimated useful lives of assets are as follows:

Type of Property	Estimated Useful Life
Fencing and paving	10-20 years
Building improvements	5-40 years
Equipment	5-25 years

Functional Allocation of Expenses – The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes – Under GAAP, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis using currently enacted tax rates in effect for the year in which the differences are expected to reverse. The effect of a change in tax

rates on deferred tax assets and liabilities is recognized in income in the period that includes the enactment date.

GAAP prescribes a threshold for measurement and recognition in the financial statements of an asset or liability resulting from a tax position taken or expected to be taken in an income tax return. GAAP also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

The Society is a tax exempt entity under Section 501(c)(3) of the Internal Revenue Code and as such generally is not subject to income taxes except for income for unrelated business activity. The Society has evaluated both its federal and state income tax positions, including positions that could have an effect on the Society's exempt status, and has concluded that it has no uncertain tax positions that require disclosure.

The Society files informational returns in the U.S. federal jurisdiction and one state jurisdiction. Interest and penalties are expensed as incurred. There were no interest and penalties charged to expense for the years ended December 31, 2017 and 2016.

Contributed Services – During the years ended December 31, 2017 and 2016, the value of contributed services meeting the requirement for recognition in the financial statements was not material and has not been recorded.

In-Kind Donations – In-kind donations are reflected as contributions at their estimated fair value at the date of the donation. The Society reports in-kind gifts as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. During the years ended December 31, 2017 and 2016, the Society received in-kind donations in the amount of \$177,980 and \$74,649, respectively.

Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates but are not expected to be material.

Reclassifications – Certain reclassifications have been made to the 2016 financial statement presentation to correspond to the current year's format. Total net assets and change in net assets are unchanged due to these reclassifications.

NOTE 2 - PLEDGES RECEIVABLE

Pledges receivable balance was \$14,996, net of an allowance for doubtful accounts of \$4,004 for the year ended December 31, 2016. There were no outstanding pledges receivable at December 31, 2017.

Notes to Financial Statements

NOTE 3 – INVENTORY

Inventory consists of merchandise in the Society's store and is stated at the lower of cost or market on a first in, first out basis.

NOTE 4 - RESTRICTED NET ASSETS

Temporarily restricted net assets consisted of the following as of December 31, 2017 and 2016:

	<u>2017</u>	<u>2016</u>
Capital campaign liability, net of pledges	(75,000)	(85,004)
Beneficial interest in remainder trust	-	87,970
	<u>\$ (75,000)</u>	<u>\$ 2,966</u>

Permanently restricted net assets consist of the beneficial interest in assets held by the Humane Society of South Coastal Georgia Consolidated Trust. For the years ended December 31, 2017 and 2016, the estimated fair value of trust assets were \$2,925,188 and \$2,707,235, respectively.

NOTE 5 - FAIR VALUE MEASUREMENTS

In accordance with the authoritative guidance on fair value measurements and disclosures under GAAP, the Society discloses and recognizes the fair value of its assets and liabilities using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The guidance establishes three levels of fair value as follows:

Level 1 — Valuation is based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical investments.

Level 2 — Valuation is based on inputs other than quoted prices that are observable for the asset either directly or indirectly, including inputs in markets that are not considered to be active and investments in investees which may permit redemption at the net asset value (or equivalent) within the near term of the measurement date.

Level 3 — Valuation is based on unobservable inputs and investments in investees which do not permit redemption at the net asset value (or equivalent) within the near term of the measurement date.

The Society's Level 3 assets subject to fair value measurement on a recurring basis consist of beneficial interest in trusts. The Society relies on fair value information provided by the trustees

Humane Society of South Coastal Georgia, Inc.

Notes to Financial Statements

to measure and report the fair value of its beneficial interest in the trusts. The inputs or methodology used for valuing the Society's beneficial interest in the trusts are not necessarily an indication of the risk associated with the underlying investments held by the trusts. The common stocks are valued at their quoted market price in active markets.

Assets as of December 31, 2017 measured at fair value are summarized below:

Depreciation expense as of December 31, 2017 and 2016 totaled \$62,666 and \$63,793, respectively.

NOTE 7 - LINE OF CREDIT

During 2017 and 2016, the Organization had an available line of credit of \$100,000 with a financial institution. During 2017, the Society renewed the line of credit with the financial institution with a change in the interest rate from 3.25% to 4.00%. The line of credit for both years was secured by the assets of the Society. The balance of this line of credit was zero as of December 31, 2017 and 2016 and matures in March 2019.

NOTE 8 - ADVANCE FROM PERPETUAL TRUST

During 2011, the Consolidated Trust made special distributions to the Society in the aggregate amount of \$450,000. The special distributions were made to provide advance funding for construction of a new animal shelter. Under a capital campaign to raise funds for the animal shelter construction, the Society had received or anticipated receiving pledges from donors earmarked for the animal shelter construction. Under the original terms of the special distribution, the Society is required to repay from capital campaign pledge collections the amount of the advance funding received from the Consolidated Trust. For the years ended December 31, 2017 and 2016, the total capital campaign pledge receivable balance is not sufficient to cover the balance of the loan.
